1050 Litre Steel Bunded Imperium®
Waste Oil Tank

Capacity	1050 Litre
Length	1830mm
Width	610mm
Height	1250mm
Weight	Dry (empty): 263kg Wet (full): 1202kg

General information

A 1050 litre steel bunded waste oil tank designed for commercial workshops, garages, and industrial applications. Built with Imperium® Technology.

Imperium® Technology

Atlantis Tanks' own precision tank design combined with a highly-efficient manufacturing approach. The result is a well-engineered, durable and compliant waste oil storage solution. Patent Pending.

Suitable for

Waste oils (e.g. from used engine oil, lubricants) and diesel, heating oil, HVO and other compatible liquids (please check before usage)

Tank Data

Outer tank dimensions:

(L) 1830mm x (W) 610mm x (H) 1250mm

Inner tank dimensions:

(L) 1700mm x (W) 550mm x (H) 1248mm

Brimful capacity: 1152 litres

Nominal capacity: 1094 litres

Usable capacity: 1094 litres

Materials & Compliance

- ✓ Manufactured from structural steel grade S275 JR (BS EN10025-2:2004)
- ✓ Meets BS 799 pt5 standards for steel oil storage tanks
- ✓ Designed in accordance with the **Control of Pollution** (Oil Storage) (England) Regulations 2001 (and equivalent devolved regimes), the **Hazardous Waste** (England & Wales) Regulations 2005, and the **Environmental Protection Act 1990** duty of care, featuring secure bunding, leak-proof steel construction, and clear labelling.

Connections

- ✓ 1 x 1.5" bund socket
- ✓ 1 x 2" tank to bund vent
- ✓ 1 x 2" bund to atmosphere vent
- On fittings plate:**
 - ✓ 1 x integral opening with strainer & lockable lid for safe waste oil disposal
 - ✓ 2 x 1.5" tank sockets
 - ✓ 1 x 2" top suction drain port with internal suction pipe
 - ✓ 1 x 2" tank socket
 - ✓ Alarm Mounting Plate
